

# P.E.P. - TEAMS (PROFIT ELITE PROGRAM)

## HOW DO WE SPELL SUCCESS?

HOW MANY TIMES HAVE WE HAD PROGRAMS THAT WERE CLOSE TO **SUcESS?**

But had one or more *elements missing*—or inconsistent ...

Ruth Williams, "This is a Program very similar to those many of us have used—with some pieces added or replaced that have been missing to give us a complete picture. It's like having a map to get through a complex Maze on the way to **SUCCESS**. It's working—We can look down our organization & the activity—PV tells us who is following the PEP Team plan. Each area, led by the leaders in the area —work together.

**Larry Proffit:** "We are putting together a special team of committed consultants who want to build a very successful Nikken business. Following the Team Program will not only educate you for success; you will be leading others to success, & reaching a substantial income as you follow these success actions.

Special recognition and assistance and will be given to the **ONES** we point to as the examples of how to build a successful Nikken business."

Does this sound like something you would like to be a part of? If so—Contact the person from whom you received this notice or your Upline Diamond.
